- I just got my home batteries installed and I'm so happy to be free of {my electricity utility name} bills! DM me for my contact and how you can see if you qualify.
- I was so mad about my huge overage bill from {my electricity utility name} at the end of the year. So glad I found Powr Partners and they helped me get batteries installed and rebates processed. DM me for my contact and how you can see if you qualify.
- Goodbye huge overage bills from my utilities at the end of the year. I got batteries for my solar and the rebates covered the costs. I know it's hard to believe. DM me for my contact.
- What blackouts?! I got home batteries for my solar and we are set when the power goes out. Plus my contact at Powr Partners was so great. They did all the work to get it installed, permitted and the sweet rebate covered the costs! Message me to talk to my contact.
- I know it sounds too good to be true but I don't have an electricity bill. I worked with a great guy at Powr Partners who did all the work to get the solar batteries installed and the rebate checks covered the costs! DM me and I'll send you his contact info.
- I'm prepared for anything. I finally have home batteries so I can be free of utilities and be self-sufficient. Message me and I'll send you the guy's name who helped me get them installed and the rebate check in hand.
